

## ‘Back Home Again In Indiana...’

This exhibit, put together by members of the Owen County Garden Club, can be viewed in the Open Class Building at the Owen County Fairgrounds. The exhibit imaginatively illustrates the 2012 fair theme of “Back Home Again in Indiana” and includes an open barn door façade, a beautiful mural, flowers, and numerous symbols associated with the state.

The barn façade for the display was custom built by talented brothers Lewis and Steve Fender, who have donated it to the Owen County Garden Club as a fundraiser. There is a bid sheet located at the front of the fair exhibit for anyone interested in purchasing the barn frame and doors.
